RELEVANT PROJECTS

ARTIFICIAL: Media Production in an Age of AI

January 2024 – May 2024

Documentary Filmmaker

- Organized and filmed seven interviews with prominent media professionals, and executed an IRB-approved survey to gauge media professionals' thoughts on artificial intelligence in media production
- Wrote, produced, and edited the feature-length documentary film during my final semester as an undergraduate
- Awards: First Prize at Undergraduate Research Conference Cinema Arts Day, Jury's Choice Award at CAMRA Screening Scholarship Showcase, Second Place in The BIG Contest 'Change the World' Competition

EXPERIENCE

"Boston Pops Fireworks Spectacular" (Bright Blue Media Group) – Boston, MA

July 2024 – Present

Production Assistant

- Collaborating with cinematographer/producers/editors to execute interviews with a dozen prominent figures (including sponsor Herb Chambers and performers Darlene Love, Kelli O'Hara, & The Mavericks) for commercial break packages, as well as audience B-roll. Assisting producers with various tasks to facilitate show operations

"Fakes" Feature Film – Clinton/Shrewsbury/Worcester/Webster, MA

July 2023 – August 2023

Assistant Directing Intern

- Operated film slate in coordination with camera department, facilitated "lockups" to inform cast and crew when cameras were rolling, performed various tasks to aid all departments (Grip & Electric, Sound, Camera Operation, Art, Catering, Transportation)

University of New Hampshire, The (603) Challenge – Durham, NH

January 2023 – April 2023

Videographer

- Organized and executed interviews with students and faculty, developed videos encouraging donor support for 13 colleges and programs at UNH, facilitating a successful annual fundraiser event, with over 12,600 donors gifting nearly \$3 million dollars to the university

John Olson Advanced Manufacturing Center – Durham, NH

September 2022 – December 2023

Communications and Videography Intern

- Worked with co-located cleanroom manufacturer, Airtho, to develop video installation guides for their product. Photographed and catalogued their materials, recorded and edited videos about various construction processes
- Worked with team to conduct interviews with student interns and employees. Produced five videos explaining the John Olson Manufacturing Center at UNH, illuminating their mission and importance to the university

Collective for Advancing Multimodal Research Arts (CAMRA) – Durham, NH

October 2021 – December 2021

Event Organizer/Facilitator

- Organized, marketed, and facilitated successful CAMRA "Crash Courses" teaching interested students various essential multimedia skills (i.e. video editing, podcast production, photo editing)
